CRATHCO
Autofill

No More Refilling.
No More Downtime.

NEW I-PRO Autofill Lids designed to instantly automate your current I-PRO system and your beverage programs.

Ideal for Bag-in-Box & In-House Concentrate Programs
CRATHCO

I-PRO AUTOFILL LID
Streamline Beverage Operations

Replace your current I-PRO lid with Crathco's Autofill Lid System. Your frozen offerings will always be fresh and available, enticing customers all day long.

- **Increased Visual Appeal** — always available, increasing sales
- **Enhanced Accuracy and Consistency** — automatically adds the perfect amount of water and syrup every time
- **Reduced Labor** — keeps staff focused on customers
- **Minimizes Training** — simple set-up and operation
- **Reduced Downtime** — manual re-filling is time-consuming
- **Increased Food Safety** — minimal exposure to product
- **Seamless Integration** — update existing equipment or your entire system
- **Waste Reduction** — prevents loss from incorrectly mixed product
- **Versatile** — perfect for BIB or in-house syrup programs

**Crathco Autofill Lid
Puts a Lid on Labor**

HERE'S HOW AUTOFILL WORKS

- Automatically senses drink volume through integrated lid sensor.
- When level falls below the probe, fill tube automatically refills the bowl with the perfect blend of BIB syrup and water.
- Post Mix process mixes beverage syrup in the bowl.
- "Sold Out" switch alerts operator (by red indicator lights) syrup is low or water connection needs attention.
- Beverage syrup ratio can be set to specific needs. Controlled by gas pressure and reducing valve.
- Air gap of greater than 1" between water supply outlet and maximum beverage level prevents backflow.

SPECIFICATIONS

Model	Description	Electrical	Product Dimensions H x W x D	Shipping Dimensions H x W x D	Product Wt.	Shipping Wt.
LV600697	Autofill I-PRO AFI-P2-16, Black	120V 60hz 1ph 3A	10.6" x 7.4" x 15.8"*	18.3" x 19" x 11.3"	P2 - 6.86 lbs	16 lbs
